

**Access to Medical Devices
(Wheelchairs, Walkers, etc.)
& Medical Financial Assistance**

The SUMC Health and Spirituality Committee has posted the following resources on the SUMC Church website for those, who for various reasons, may need access to assistive devices (wheelchairs, etc.). All listings are government or non-profit organizations. If you are aware of any sites we may not have included, please notify the Church Office.

Vermont Assistive Technology - Try-Out Centers (Services for Individuals) –

<https://atp.vermont.gov/services>

Individuals can borrow a piece of equipment, free of charge, for up to 30 days. The item(s) is shipped to your home for free.

All items that are available to borrow can be found here: AT4ALL (pronounced AT For ALL) inventory website-

<https://www.vt.at4all.com/>

They do NOT sell equipment. However, they will give you a list of vendors and help you identify funding resources-

<https://atp.vermont.gov/resources/funding>

ASSISTIVE TECHNOLOGY COMMUNITY EXCHANGE aka AT4ALL

This is a new resource for exchanging assistive technology and durable medical equipment.

Assistive Technology (AT) is a piece of equipment or a device that can make it easier for people to be more independent at home, work, school, or in the community. AT4ALL is a free web-based exchange for people who want to locate, sell, or donate Assistive Technology and Durable Medical Equipment such as an adapted van, wheelchair, walker, accessible computer, or communication device.
